

## *Neuro Host Home*

Needing a program closer to home?

NeuroInternational arranges unique Neurobehavioral and NeuroRehab services in a variety of community settings. For those persons who cannot leave their hometown, we have Neuro Host Homes and Supervised Apartments that can be arranged in a city of their choice.

Specialized person-centered care is at the heart of client services in our Neuro Host Homes, and programs are designed around health, safety and quality living. Our clinical team creates an individualized plan for each client that is geared toward assisting them to achieve their personal goals and to live an abundant and meaningful life. We are firm believers in the potential of our clients, and we have a multidisciplinary team of clinicians who are both personally connected to our clients and provide high quality specialized services.

A client's care plan can include PM&R, Psychiatry, Board Certified Behavior Analyst, Recreation Therapy, Nursing, Neuropsychology, Psychology Physical Therapy, Occupational Therapy, Speech-Language Pathology, Vocational Rehab, Art Therapy, Music Therapy, and Equine Therapy.

For more information, please call Teena Ouellette or Amanda Nelson at 941-870-4129.
